

THE MAN WITH THE WALKING CANE

Boogie (153 bpm)

Testo e Musica di L.B.S.DE WAURE - D. CAVANNA - L. MATTARELLI

Watch out here I'm coming... Got a stick in my hand
I know it's made for walking... Hope you'll understand
Now that I am sixty... With a stick in my hand
I will walk downtown... And run it through the rails
Look out chums... I'm gonna shock you all out.

Had to wear a greysuit... Almost every day
Had to keep a straight look... Never lose my way
Never had a moment to let myself go
But now that I am walking... With a stick in my hand
I have to give a warning... Hope you will understand.

I will kick... I will twist around
I will scream... And rock my head about
I will swear... For sure I won't care
I will shout... Bump my hips in and out
But beware... look out there
I'm the man with the walking cane
But beware... look out there
I'm the man, oh yes... I'm the man with the cane.

INSTRUMENTAL

Had to wear a blue suit... Almost every day
Had to be at work... And never lose my way
Now that I am sixty with a stick in my hand
I've got news for all of you... Hope you'll understand
Watch out chums... Look out I am coming to town

INSTRUMENTAL

I will kick... I will twist around, ecc... ecc...
